Looks like they finally got around to posting the response to comments document.

Thanks.

Dino,

I believe this link will take you to the response document.

Hello,

Has the response to comments document been posted?

Thanks.

Subject: RE: Permit to Install No. 205-15

Dino,

The response to comments document (RTC) for Aquila Resources is a joint document for both the mining permit and the air permit. It was finalized by the Office of Oil, Gas, and Minerals (OOGM) – our mining people. They are responsible for posting it. There is a link to it in the Interested Party letter, which takes you to the OOGM website. As of now (12:30 PM Eastern Time on Wednesday, December 28th), it has yet to be posted on their site. I have a call into the guy at OOGM (Joe Maki) to see when it will be posted. Also, he is cced on this reply. I will let you know when I hear back from him. My guess is that AQD will also put a link to it on our website next week when we have the people back in to take care of it. Please let me know if you have any questions in the meantime. My number is 517-284-6795.

Take Care & Happy New Year,

Mark Mitchell

Hello,

Annette and Andy apparently are out until after the New Year.

Thanks.

Hello,

I saw that you issued the final permit to Aquila Resources. I checked the MDEQ PTI website and didn't see the response to comments document. Will that be posted soon?

Thanks.

Subject: Permit to Install No. 205-15

Mr. Boushy

This email is to inform you that the Michigan Department of Environmental Quality has approved the Permit to Install application, identified as No. 205-15, for the Aquila Resources Inc. proposed facility to be located in Lake Township, Michigan. Please refer to the attached documents for more information.

If you have any questions regarding this permit please contact Mr. Andy Drury, at 517-284-6792 or drurya@michigan.gov.

Thank you.
